SHS600 SHOWER SEAT

Shower Seat

The Eisegrip® SHS 600 shower seat is a premium Australian designed product to satisfy all the requirements of Australians.

Successful installation results will depend on carefully engineered walls, allowing for adequate blocking for the fitting of shower seats.

Features

- This design allows ambulant people easier access to the shower seat in a home bathroom.
- Polished stainless steel legs for hygiene .
- The seat moulding is made of soft polyurethane materials suitable for long term exposure to water.
- Each shower seat package includes stainless steel fixing screws. (please note these screws may not be suitable for all applications).
- Saves space when folded up against the wall.
- This product is safe to have a load of 150kg when installed correctly.
